

## **Ex. 6 - Personal Privacy**

January 10, 2012 – Well Survey by: Chase and Taylor

- 2 seniors at residence
- Water softener, chlorine tank (installed in the 1970s)
- Drilled well, depth approx 450 feet, not sure of depth of pump, not sure about surface casing, no cement casing
- well installed approx 40 years ago by **Ex. 6 - Personal Privacy** owner may have construction details filed
- original pump, no repairs
- Well has been tested
- Shared their pre-drilling results conducted by Cabot during survey, also gave us a copy
- The well was also tested by PADEP, for methane only, but never received the results
- No recent or past changes in water quality (taste, odor, appearance)
- Currently use well water for drinking, cooking, bathing
- Have not been provided an alternate source of water
- Have an active lease with gas company
- They want to know how the moratorium area was determined?

\*Also have a second drilled (deep) well on the property which is used for irrigation not drinking
